

HL TECHNOLOGY

Simply the Best!

- Amazing GRANISTONE design with a **hard and rough** surface, now available as DURIT® High Level technology quality
- DURIT® High Level technology based on an innovative polymer matrix guarantees very good long lasting performance
- 2 times longer lasting non-stick effect compared to similar coating systems – even by intensive use (internal test comparison)
- Outstanding and long lasting non-stick effect even after 90 minutes of most intensive abrasion test (ILAG milk test)
- LGA/TÜV „GOOD“ awarded, guaranteed best performance of coating solutions

2 times longer lasting non-stick effect

compared to similar coating systems

Abrasion results according LGA-/TÜV-test

Milk is sticking

Easy release

Cleaning with water jet only

2 Times better, long lasting non-stick effect after pancake & milk test!
